

Virtual Museum Tour Opportunities

Museum of Jewish Heritage: <https://mjhnyc.org/education/museum-tours-with-gallery-educators-for-students/>

The Museum has created two virtual tours led by gallery educators for student and youth groups.

“**Meeting Hate with Humanity: Life During the Holocaust**” utilizes the *Auschwitz. Not long ago. Not far away.* exhibition to teach about Jewish life before, during, and after the Holocaust. This tour is recommended for grades 6 – 12.

“**Love Thy Neighbor: Immigration and the U.S. Experience**” teaches from the Museum’s *Ordinary Treasures* exhibition, featuring artifacts from the Museum’s collection and the Jewish immigrant experience. Through explorations of language, work, community, and social activism, the tour will encourage students to draw connections to other immigrant community experiences and is particularly suited to middle and high school-aged students studying immigration in their social studies and U.S. History classes.

To sign up for a gallery educator virtual tour keep in mind that the Museum requires three weeks’ advance notice.
